A DESCRIPTION OF THE RESORT

Which Offers Many Advantages. Games Between the Teams of the Wheeling Bowling League-An Enjoyable Evening Spent by the Guests of the Association.

The newly completed regulation bowling alleys of the Wheeling Bowling Association were opened with a hurral last evening under the auspices of the Anembers of the Wheeling Bowling Association, the owners, with the players of the bowling league as guests. The stockholders of the association and the members of the league made up the spectators and guests of the evening, which was a most enjoyable one to all.

The Musee alleys are the first that have been built in the heart of the city, and the projectors predict the city, and the projectors predict that they will be popular and well patronized on that account. The enthusiast who wishes to play two or three games of ten-pins will by playing at the new Musee alleys avoid the loss of time consequent on going to the out-of-town resorts. As the new alleys are only open to stockholders, who are entitled to bring but one friend with them, the place will undoubtelly be

titled to bring but one friend with them, the place will undoubtedly be run on the right basis.

The president of the association is Mayor Caldwell, and Mr. Ed. M. Holliday, of the gas board, is the secretary, while George Hervey has been selected as manager. The bowling alleys are in the apartment formerly in use as the theatre proper, and the stage still remains, on which are placed tables and chairs, where the members of the associations. mains, on which are placed tables and chairs, where the members of the association can engage in other games or watch bowling contests at an elegant vantage. There are four alleys, which are said to be the equals of any of the new ones around Wheeling, all of them of regulation size, and the equipment of balls and pins is all that could be desired. If the association finds that the faur alleys will not suffice for the definar alleys will not suffice for the defaur alleys will not suffice for the de-mand the old curio hall will also be

mand the old curio hall will also be fitted up with four more alloys, making eight altogether.

A large window, occupying almost the entire rear wall of the building, gives plenty of light tor bowling during the day, while numerous incandescent lights brilliantly light the apartment at night. Manager George Hervey occupies the lower of the two store rooms with a stock of clarage periodicals are

pies the lower of the two store rooms with a stock of clears, periodicals, etc., and from that room can attend to business at the alleys.

The amount of stock subscribed already is very large, but Secretary Holliday is prepared to issue additional stock to persons desiring to participate in the privileges of the new establishment.

EXCITING GAMES.

It was shortly after S o'clock when the class gathered, and the first of the the claus gathered, and the first of the games between the bowling league teams were started. Two games were rolled at the same time, the Wheeling Bowling Club and The Bowlers taking the upper alleys, and the South Side and Columbia teams playing on the lower. The games were both interesting. The South Siders succeeded in defeating the Columbia combination by a margin of 23 pins. Marschner led with 180 pins, the best individual score of the evening, while the team score of his evening, while the team score of his team was also the highest. The score was as follows:

was as follows:

Columbia—Aunick, 135; Bishop, 165;
Day, 126; Boadwing, 134; O. Weisgerber, 103; Soibert, 119; total, 782.

South Side — Hannan, 104; Viewig, 151; Marechner, 180; Horstmann, 111; Stathers, 136; Wright, 123; total, 805.

THE OLD RIVALS.

The game between The Bowlers and the Wheeling Bowling Club was watched with great interest on account of the rivalry that has always existed between the two teams. The Bowlers played in good form and defeated their opponents by a margin of 29 pins. Will Day made 178, only two behind Marschner's score, the second best effort of the evening.

The geore:

The Bowlers—Bloomfield, 102; Craddock, 114; W. B. Day, 178; McLure, 136; Beswick, 105; Blind, 120; total, 755.

Wheeling Bowling Club—L. F. Stifel, 96; W. C. Stifel, 120; Hess, 115; Schmidt, 141; Singleton, 107; Reymann, 141; total, 720.

WHEELMEN ARE GOOD BOWLERS. The Wheeling Athletic Wheelmen

team, that toward the close of the cuampionship season was a dangerous quantity at times, unexpectedly, rolled against the Calumet boys, and captured the game by a safe majority. The Calumet captured the game by a safe majority. The Calumet boy, woman or girl wants a wheel and can't be suited at 1113 Market street wa'll sell out our whole stock for junk wa'll sell out our whole stock for junk but we haven't the Calumet boys, and captured the game by asafe majority. The Calumet boys had a ball on hand, so their full team was not present, otherwise they would have done better work. Schellhase did the best bowling, with 151, Sadler, of the wheelmen, next. The score:

Sattler, of the wheelmen, according to the Wheelman Athletic Wheelmen—Will Stovenson, 127; McCov, 116; Williamson, 111; Sadler, 130; Frank Stevenson, 123; Stroebel, 90; total, 712.
Calumot — Truschol, 108; Cameron, 97; Schellhase, 151; Tracy, 97; Blind, 95; Frank C. Daily, 93; total, 641.

ANOTHER CASE OF RIVALRY.

The game between the Press Club and the Intelligencer team was also ex-citing and interesting, as these two have always been intenso rivals. Rhees of the Intelligencers made the third best score of the evening, 172, and George Hervey was second with 153. The Intelligencer team also had the second best team score for the evening, South Side only making a better show-

At the beginning of the games President Caldwell, of the bowling association, made a neat address welcoming the guests of the evening, and elaborating on the advantages of membership in the association. Secretary Holiday took many additional subscriptions to stock during the evening, all being greatly pleased with the new alleys.

A novel feature of the evening at the Musee was the labor difficulties that occurred. Pin Boys' Union No. 1, American Federation, quit work at 10 o'clock, alleging that one of the Intelligencer's players 'was too fresh.' This freshness consisted in rolling balls down the alley before the member of the union got out of the way, and another difference between the laborer and capital in this instance was the fact that the spectators on the stage guyed him. The combined persuasive cloquence of Messra Christileb and Holliday finally induced Union No. 1 to resume work. A novel feature of the evening at the

because the W. A. W. players rolled the balls too swift for him to get out of the way. No. 2 endeavored to have No. 1 quit also, but the Federation man couldn't see it that way, and for his pains was called a "lager headed Dutch-man." A squad of police prevented bloodshed.

After the league games, others were played, and some very good scores made. Wright, of the South Side team, broke the high score for the new alleys

More New Alloys.

Charley Seibert, of Seibert's Garden, has let the contract for the construction of four regulation sized bowling alleys at his place and work has already commenced. These alleys, too, will be opened by the league clubs.

WHEELS IN WHEELING,

iomething Particularly Bang-Up in the Cycling Way—The Price Record Smashed to Flinders.

The INTELLIGENCER'S cycle artist had his eyes opened yesterday when he dropped into the K. Hoge Company's beadquarters. Last year anybody who had offered a tip-top guaranteed wheel at this year's cut rate on the Apollo would have been thought to have 'em

at this year's cut rate on the Apollo would have been thought to have 'em in his head, "Well, that's just what we are doing this year." said Mr. Hoge. "You know a wheel when you see one—look at this Apollo. Did you ever see anything handsomer? It is as good as it looks, From the saddle to the pneumatic tire every part is guaranteed. We wanted something to catch the popular fancy and give complete satisfaction. Its name is Apollo. We contracted for a large line, fixed a taking price, and hit the nail square on the head." "Where's that Falcon you are shouting about in the INTELLIGENCER!" "Here it is—look it over and say whnt you think of it for a pneumatic tire unto-date road wheel at \$57.50. No, it isn't so light as some of the lighter ones, but it is a good goer and a fast seller, and every rider who straddies it talks it up to his next friend. The price is our price—we buy the wheels and can give them away if we want to. But we don't have to. They take care of themselves.
"Second-hand wheels? Look at that

"Second-hand wheels? Look at that "Second-hand wheels? Look at that lot taken in exchange. There are Victors and Columbins, almost any kind you want, from \$10 up to \$40—sell 'em cheap and let 'em go, is our motto. They are worth more, but that isn't the question. We want to run them out as fast as they come up so as to give our attention to selling new wheels. We send, a good many of them to the conatry, whore they give excellent service over the roughest roads. You know how it is with expert riders, they want the latest and won't have any other. We have just sent in large orders for Eagle Altaires and Sterlings that run up to \$160 for racers, the
